

SCHOOL ADMISSIONS/EARLY ENTRANCE

If a request for early admission is received by Bandon School District, the following guidelines shall be used:

1. Students who do not meet the age requirements as specified in Policy JEC may be considered for early entrance.
2. The Request for Early Entrance form must be filled out by the parent/guardian. The completion of the form activates district testing.
3. All requests for early entrance shall be through the building principal.
4. The principal or designee shall administer the tests.
5. Admittance shall be determined by tests scores that equate or exceed one standard deviation above the mean or above the 84th percentile on standardized tests designed for this purpose.
6. If early admission is granted and difficulties occur after the student is placed in the school program, an Early Entrance Committee comprised of the Building Principal, Director of Special Education, Teachers, and any relevant specialists may be convened to evaluate the early entry decision. At that time a decision may be made to continue school or to withdraw the original early entry approval.

END OF REGULATION

DATE _____

STUDENT NAME _____

DATE OF BIRTH _____

I request that my child be reviewed for early entrance into _____.

I give permission for the District to test my child and understand that the test scores must equal or exceed one standard deviation above the mean or above the 84th percentile on the following tests:

Kaufman Brief Intelligence Scale

Young Children's Achievement Test

I understand that the status of my child's enrollment can be reviewed and withdrawn at anytime if difficulties occur. I further understand that I may not be present in the room while the testing is being completed.

Parent Signature

Date

Any other supporting evidence may be attached to the application that would help to make an Appropriate decision.
