HLMS Update:

- **End of Year Events** are upon us! As we race to the finish line, we are excited to celebrate the growth and experiences of the past school year with our Tigers! See above for upcoming events. *****School Board is invited to volunteer at our HLMS Field Day on Thursday, June 16 (8:15am-11:30am) at our inflatables rotation station! If you are interested, please reach out to Ms. Armistead or the HLMS Office directly at 541-347-4415!**
- **2022-23 Update:** I am thrilled to share that we have solidified our schedule and electives offerings for the next school year, including student forecasting from current 6th and 7th Graders, and EVERY STUDENT will have a minimum of 3 of 4 electives requested!! We will be offering the following electives at 7th/8th Grade: Art/Creative Writing, Family and Consumer Sciences (FACS), Gardening, Keyboarding, Leadership, STEM, STEM Chemistry, STEM Energy, Wood Shop, and Yearbook. We are able to do this based on creative scheduling using our 5th and 6th Grade teachers to broaden our elective offerings during their second prep time that is available due to the move to daily PE for all students throughout the entire school year. That's right! We will be moving away from ½ time PE to full time full-year PE for every student at HLMS! There are quite a few changes a-comin' and we are excited to see increased engagement as we continue to strive to meet the needs of our middle school Tigers!
- **SPECIAL THANKS to 100 Strong Bandon** for selecting the HLMS Electives program for this quarter's charitable donation! It was a pleasure to meet with this group of philanthropic, community-minded women who were enthusiastic about our efforts to increase engagement and opportunities for our middle school Tigers! I will report back in the fall with the total amount of the donation and report back to the board and 100 Strong Bandon as to how the funds supported our program.
- **Summative Evaluation Conversations:** All evaluation conversations are complete and it was a great opportunity to come together one on one with my staff and talk about success from the year as well as areas for focus moving forward. The rich dialogue that comes with dedicated time to look at performance data and plan for the upcoming year is one of my favorite ways to collaborate with teachers and instructional support staff!

Special Education Update:

- Bandon School District hosted members of the Oregon Department of Education Special Education team as we were the first district to pilot their new supervision protocol surrounding Least Restrictive Environment (LRE). We received many kudos regarding our programming, our Special Education staff, and our performance while also grappling with questions that came up when doing a deep dive into our accountability data. We agreed that our small sample size will often create a "flag" for disproportionality based on a single student/family, which is not indicative of a systemic concern. I concluded the visit with dinner and a debrief in which I was very happy to hear such glowing reports as well as the opportunity to collaborate with our state partners in how to best meet the needs of our students with disabilities in "the Bandon way!"

HLMS Building Needs:

- Mr. Trevisiol and I are getting ready for the summer installation of our new playground activities including a climbing structure for 5th/6th, a GagaBall pit for 7th/8th (the brackets have arrived!), and 9Square In The Air (location TBD). *CONTINUING*
- Purchases have begun and we are well on our way to getting set up for our new Family and Consumer Sciences (FACS) elective! We are also planning for raised beds for our Gardening elective! The majority of other electives are able to exist within our current infrastructure, but we have a small amount of money set aside for any unexpected expenses that may come in the interim as we plan for the new electives! THANK YOU, Mr. T, for your help in making this happen!!

BHS School Board Report June 2022

June Events:

- 6/12-17 Speech to Nationals in Louisville, Kentucky
- 6/16 Students' Last Day- Early Release (Field Day!)

- Graduation was amazing and we have sent our graduates off in style. They racked up **over \$1 million in scholarships** when the final total came in! They had their all-night Grad Party which included bowling, games, food and memories for the Class of 2022. I am so proud of this group of young adults.

- We survived the Senior Trip in Central Oregon! Trent Hatfield and Erin Robertson led the charge. There was plenty of fun, food, water, dust and bugs to go around. We want to thank Wayne for driving our bus and staying in the yurt while the kids frolicked.

- Best of luck to the members of the BHS Speech Team at Nationals. The Tigers made it to Louisville and are speaking this week. Coaches Tyler Curtis and Ashley Pearson have the following students ready to compete:
 - Daniel Cabrera- Humorous Interpretation
 - Kenny McMillan- Congress
 - Maddie Pahls- Informative
 - Hallie Minkler- POI
 - Riley Cook- Dramatic Interpretation
 - Tristan Radcliffe- Dramatic Interpretation

- The Yosemite Science Trip was also a huge success. The kids saw amazing sights and had plenty of opportunities to hike. A good time was had by all.

- The Band brought home a Third place trophy from State and the Choir was in the top 10 in Oregon; they were second if you count only Public Schools ;o) We are so proud of Mr. Weston and his musical kids. The Spring concert was AMAZING and he sent his Seniors off well-celebrated.

- Thank you all for an epic first year. I have loved every minute at Bandon High School. Bring on the Class of 2026!
